

COLUMN SPEAKER

CO-110A/120A/130A/140A

FEATURES

- The column speakers series is very strong and sturdily constructed. They are made of extruded aluminium with cast aluminium top and bottom covers. The aluminium grille is stove enamelled. The columns are weather and dust-proof and are very suitable for outdoor use, e.g. open-air theatres, stadiums and public parks.
- All column speakers in this series are equipped with matching transformers for half and full power use.
- Supplied as standard with each of these speakers. Is complete swivel and tilt wall mounting kit.
- Because of their trapeze-shape, These speakers are very space saving and also suitable for corner installment.
- The casing's cross-section is of a trapezoid form, the column speakers fit very well and are space saving in room corners, etc.
