

ER-0845

The ER-0845 is a short range EM Proximity Card reader with built in antenna. ER-0845 interfaces with Reader Interface Unit via wiegand protocols.

- Color: Beige/Charcoal Grey
- Data Format: Weigand 26-40 bits
- Read Range: 3-5 cm
- Status Indication: By LED & Beeper
- Radio Frequency: 125 KHz
- Power Consumption: 5V/50mA
- Communication Output: Wiegand / Free Wiegand
- Dimensions: 110(H) X 90(W) X 35(D) mm
