

Smart Door Lock

iface01-lock

Specifications

| | |
|----------------------------------|--|
| Material | aluminum |
| color | grey |
| unlock method | Face, Pincode, Key, MF1, Fingerprint, USB Emergency PS |
| Quiescent Current | 50 microphones |
| Working current | 300mAh (capacity) |
| Open face ability | <= 100 |
| Fingerprint opening ability | <= 100 |
| Password to open capacity | <= 5 |
| Open card capacity | <= 20 |
| camera | Infrared and Color Cameras |
| Start Time | <1 second |
| Far | 0.00% |
| FRR | 0.01% |
| speed perception | 0.5 seconds |
| Operating Voltage | 8.4V lithium battery power supply (not included) |
| Low Wattage Alarm | 6.8V |
| Emergency Power Supply | 5V/2A (power bank available) |
| current consumption | Static <30μm |
| specified distance | 30-80 cm. |
| Working temperature and humidity | <80%, -20 to 60 degrees |
| Suitable for door thickness | 45-90mm |
| external dimensions | 408x80x31mm |
